Traditional Secwepemc (Shuswap) Territory

<https://www.tru.ca/indigenous.html>

We acknowledge and give honour to the Secwepemc — the ancestral peoples who have lived here for thousands of years — upon whose traditional and unceded land Thompson Rivers University is located. The Secwepemc maintain a spiritual and practical relationship to the land, water, air, animals, plants and all things needed for life on Mother Earth. It is with that in mind that we owe this debt of gratitude.

BCcampus

Learning. Doing. Leading.

Since time immemorial, the səliiwətaʔt təməx^w (Tsleil-Waututh), Skwxwú7mesh-ulh Temíxw (Squamish), x^wməθk^wəyəm (Musqueam), WSÁNEĆ (Saanich), and the Esquimalt and Songhees Nations of the Lək^wəŋən (Lekwungen) Peoples have walked gently on the unceded territories where we are grateful to live, work, and play. We are committed to building relationships with the first peoples here, based in honour and respect, and we thank them for their hospitality.

Selkirk College acknowledges our respect for and deep gratitude to the First Nations of the West Kootenay and Boundary regions: the Sinixt (Lakes), the Syilx (Okanagan), the Ktunaxa, and the Secwepemc (Shuswap) peoples on whose traditional territories we are honoured to operate.

Being Safe Online

At the end of this session you will:

Know

what **private** information is

Know

what **phishing** is and how to avoid phishing

Create

a **password** that is strong and safe

3 P's to internet safety

What is
information?

Includes information that is:

- on paper,
- stored electronically (computer, phone, tablet, memory stick)
- sent by Canada Post
- sent by text or e-mail
- social media
- shown on in pictures or videos,
- or spoken in conversation.

What is personal information?

What is
personal
information?

- Name, address, and telephone number
- Government Issued Identification (SIN card, Drivers License, BCID, etc.)
- My favourite TV show
- Age, gender, race, religion
- Sexual orientation
- Health Care history
- My brand of cell phone
- Educational, financial, criminal, or employment history
- My favourite song

What is
personal
information
and what is
just
information?

?

- Name, address, and telephone number
- Government Issued Identification (SIN card, Drivers License, BCID, etc.)
- My favourite TV show
- Age, gender, race, religion
- Sexual orientation
- Health Care history
- My brand of cell phone
- Educational, financial, criminal, or employment history
- My favourite song

How can you keep your information safe?

- Keep your personal documents in a safe place
- Shred old documents that have personal information on them
- Make sure your computer and phone are protected with a password
- Use a password manager

What is Phishing?

- Using email tricks to fool people into giving out passwords.
- They then use that information to steal information from the person or business they fooled.

What does a
Phishing
email look
like?

Signs of a phishing email are:

- May have bad grammar
- Sense of urgency and a deadline
- Consequence if not acted upon
- Contains a link (or two) to a web address that is not related to the company
- Looks like it is from someone you know

Do you have a
safe password?

How to create a secure Password

- Use secret words you'll remember
- Like your house key, a password protects personal and private information, and should be kept safe

How to create a safe password

- Uses a minimum of **12 characters** and a combination of at least 3 of the following: Upper and lower case letters, 123456789 and a special character)!@(#*\$&%^
- Use a regular word. Change letters for numbers.
Ex. o=0, e=3, i=1, b=6, q=9 etc
Kitten becomes K1tt3n. Add a year, then the app name, then a special character. Your bank password -
K1tten2021c1bc\$,

Breakout room

Make up a secure sample password to share with everyone

Password tester

<https://www.comparitech.com/privacy-security-tools/password-strength-test/>

Put your sample password in Chat and we will test it for you

So remember...

- Change passwords often
- Never reuse the same password and never write it down on paper.
- Put a password on your phone!

What are the three Ps we talked about today?

- **Private** – what is private information
- **Phishing** – how to recognize an e-mail, phone call or text where some is trying to fool you into doing something or to give out your private information
- **Passwords** – how to create a safer password

Puzzlebox (H5P) Activity

- Pick one person to share the screen
- 15minutes to complete the activity.
- Ask for help if needed!

Puzzlebox Breakout Room Activity

Please complete the survey!
Thank you everyone!
See you in 1 week!
